

# John

John blows up stuff by association. As a brother-in-law to the Wisley family, he is usually involved in shooting shows and engineering the logistics of a big bang. John has helped wire up family and community fireworks displays since 2006. After COVID hit, John joined WPI full time. He heads up the 1.4 division of fireworks. It's all fun and games until you lose a finger...so be safe.

**1.4 SALES MANAGER**
