

Maleaha

Maleaha joined WPI right in middle of busy season in mid June 2022. She filled in to cover someone's vacation and stayed. She loves to turn chaos into organization, so Wisley Pyrotechnic, Inc. is a good fit. She enjoys meeting pyrotechnics customers and walking into each day to learn something new. Her background is in commercial art and design and also in education, and she is a Notary Public. Maleaha loves her family, even her brother Josh. She and Josh have always worked well together: there is no telling where their creative minds will go. Maleaha's newest venture is to make Lt. Boots, office cat, WPI's famous mascot.
